

Renewable energy from Anholt offshore wind farm – with climate investment

Issued to: Troldekt A/S

With this Guarantee of Origin (GO), Ørsted Sales & Service A/S guarantees to purchase and redeem GO's corresponding to an expected total consumption of 28.111 MWh, for the period 01-01-2018 to 31-12-2022.

With Climate Investment, Ørsted Sales & Service A/S pledges to invest an amount equivalent to the net income obtained from the redemption of Guarantee of Origin related to Anholt Offshore Wind Farm in new renewable energy plants and undertakings.

Through this purchase, you send a signal of climate awareness that support the transition to renewable energy.
